JOB EXPERIENCE

Ganiç Architecture Intern Architect

August 2021 — September 2021   Istanbul, TR

Collaborated with other architects to design residences, health clinics and other projects. Reviewed and edited drawings based on the stakeholders' feedback. Developed final polished construction plans that included aesthetic representations of structures. Prepared scale drawings and architectural designs using computer aided design and other tools.

Ağaoğlu Construction Intern Architect

January 2010 — December 2012   Istanbul, TR

Gathered information regarding the projects' operational efficiency. Interviewed specialists, such as electrical engineers, mechanical engineers, interior designers, and sound specialists to learn how to promote optimal form and function of designs on final structures. Conducted periodic on-site observations of construction work to monitor compliance with plans.
